EDUCATION

Degree	Institute	Board	CGPA/%	Year
B.Tech CSE	National Institute of Technology, Silchar	NIT Silchar	8.57	2021–2025
HSC	Sasi Educational Institutes, Rajahmundry	State Board	97.8%	2019–2021
SSC	Shree Krishna International School, Bhubaneswar	CBSE	95%	2018–2019

EXPERIENCE

- UBS** Pune, India
Software Engineer Aug 2025 – Present
 - Worked with **Databricks** to design and optimize scalable data workflows involving ingestion, transformation, and distributed processing for enterprise business use cases.
 - Developed **PostgreSQL** backend by creating optimized **DDL and DML scripts** for core business tables, ensuring data integrity and efficient querying.
 - Built a **POC using AI agents**, orchestrating their interactions to automate and streamline parts of the **Scrum process**, improving task tracking and requirement clarity.
 - Awarded **Star of the Month** at **UBS** for outstanding performance and impact ([Certificate](#)).
- S N Bose, NIT Silchar** Assam, India
Web Development Intern Jun 2024 – Jul 2024
 - Designed and developed a **Library Management System** with separate dashboards for students and librarians.
 - Implemented secure authentication and role-based access using **React, Node.js, Express, MongoDB**.

SKILLS

- Languages:** C, C++, Python, JavaScript, SQL
- Frameworks:** React, Tailwind CSS, Bootstrap
- Tools:** Git, MySQL, PostgreSQL, Postman, VS Code
- Core CS:** Data Structures, Algorithms, OOP
- Soft Skills:** Time Management, Leadership, Communication

PROJECTS

- Crypto Crafter** [\[Website Link\]](#) [\[Github Link\]](#)
React, Firebase, Material UI
 - Built a real-time cryptocurrency dashboard using **CoinGecko API** with authentication and live updates via **Firebase**.
- Text Categorization of Telugu News Headlines** [\[Github Link\]](#)
Python, ML, NLP, TensorFlow
 - Built a Telugu news classification system for **5 categories** using ML and deep learning techniques.
 - Applied **IndicNLP preprocessing**, TF-IDF, and **GloVe embeddings**.
 - Implemented **MNB, SVM, CNN, BiLSTM**, proposing a **Hybrid CNN–BiLSTM** model with superior results.

ACHIEVEMENTS

- Solved **2000+ DSA problems** across Codeforces, CodeChef, LeetCode, GFG, and AtCoder.
- Achieved max ratings — **1424 (CF Specialist)**, **1904 (LeetCode Knight)**, **1684 (CodeChef 3)**.
- Secured **Rank 2** in CodeRush Quiz and **Rank 16** in CodeRush Challenge at **NIT Silchar**.
